

Cabinet Vertical Cable Management

Channel style with door ajar

Fingered style

Ladder backbone style

Flat backbone style

Product Features

Finish

- Black smooth powder paint finish

Structure

- Fabricated of 16 GA (0.060") steel
- Channel style supports heavy cable load, while maintaining clean concealed appearance
- Fingered style offers the convenience of quick cable routing
- Backbone style provides cable management with a very shallow profile for maximum cabinet space

High Density Vertical Cable Manager

- Item # CTC3-CMS-13-B
- Ideal for use with high density cable installations
- Large Size Channel Style Cable Manager, 9" deep
- Large cable access holes
- For use in 30" wide cabinet only
- Use with CTC3-MA-14-FL-B or CTC3-MA-14C-FL-B mounting angles
- Fibre Loops available for strain relief, CTC3-CMS-13-SR-B, pack of 10. Recommended for both copper or fibre installations
